Passes Away to Peaceful Rest.

Mrs. Annie Easter, wife of Eld. Albert Easter, peacefully passed away at her home in this county, two miles from this city, Saturday morning, July 22nd, after a lingering illness of several months. Burial Sunday morning at Powell's Valley church, remarks being made at the grave by Elders W. A. Smethers and D. P. Potts. Mrs. Easter was a member of the Christian Church in this city, and the esteem in which she was held by her neighbors was fully attested by their large gathering at the burial.

Mrs. Easter was 65 years old and before marriage was a Miss Grubbs, of Estill county. Besides her husband, she is survived by the following children: J. G. Easter, of Hazard; W. J. Easter, of Beattyville; S. A. Easter, of Fleming; Mrs. J. A. Walters and Mrs. Fred Tipton, of Ford, and O. W. Easter and Mrs. Walter Potts, of this county, and 29 grandchildren.

A funeral date will be arranged to take place some time this fall when Elder D. G. Combs will conduct the services.

Getting Interested.

Judge Hugh Riddell was over from Irvine Monday and went from here on to Stanton on legal business. Judge Riddell, like all the other Estill people many of whom daily use the Estill-Powell inter-county seat road with their numerous and ever-increasing number of automobiles, is very anxious about this highway which was ordered improved Feb. 28. They realize that the season for road building is fast passing away into fall and winter time when road building must necessarily be closed down.

Powell Man Sells a Good Thing.

W. P. Kincaid, manager of the Kentucky Silo Co., Stanford, is in the county to put up a silo for Judge A. T. Knox. There is no doubt of the value of a silo, and, after learning of the advantages of the Kentucky, we have no doubt of its superiority over all others. We are going to put up one on our place next year, and it is going to be one like Mr. Kincaid sells.

Off to Mt. Olive

Rev. E. F. Martin is a very busy minister these days. Early in the month he held a big meeting at Lerose, in Owsley, where he was assisted by A. S. Daugherty and Walter Bailey, with 11 additions. Then straight on to Pharis Hill, and now a protracted meeting at Mt. Olive, in Lee county, the best place of them all, in the home of fine singing and abundant hospitality.

Snowden---Todd

Mr. Ellis Snowden, 34, and Mrs. Flora Todd, 27, were married in Winchester, Tuesday, the 18th.

The groom is a son of Wm. Snowden, Jr. and has been in the army for twelve years. It is the second venture of Mrs. Todd, she being the widow of the late Jasper Todd and a daughter of John W. Ballard.

District Game Warden.

H. G. Crabtree, of this city, has been appointed Game Warden for the 26th district, composing the five counties, viz: Rowan, Bath, Montgomery, Powell and Menefee. The duties of this office will call Mr. Crabtree frequently into these counties, and their people will find him an officer just fitted for the place.

He has posted up many notices of "Warning and Reward" which outlines the new fish and game laws, extracts of which will be given in these columns from time to time as the law fits the different passing seasons. We advise no one taking down his gun to go hunting until he has read and re-read the new game laws.

Damaged by Fire.

The kitchen attached to the home of Jesse Eaton in the western portion of the city took fire Sunday afternoon and it was with great difficulty that the flames were extinguished after the kitchen had been burned. The saving of the main building was a marvel, and called forth heroic work on the part of the bucket brigade which always has done wonders in Clay City.

To Fire the First Gun

The State Democratic campaign will be launched at Winchester, and Winchester is congratulating herself upon securing this event. This will give Powell county people an opportunity to hear the big guns open the battle, and it is useless to say that the keen interest of the Powell politicians will provoke a large attendance at this big Democratic meeting.

Card of Thanks.

We want to express through The Clay City Times our appreciation to our neighbors and friends for their kindness and sympathy and words of comfort given by them to us in the death of our beloved wife and mother.

Albert Easter and Children.

Advertising the Chautauqua

Fred Ware and Dr. Johnson, of Stanton, were in town Monday advertising the Chautauqua to be held at Stanton the first week in August. Fred is Captain of the Reds. See him and buy your season ticket for the sake of the Times editor.

Very Unusual

Mack Tyra, a minister up on Holly in Wolfe county, was trying to correct his boy when he got into a fight with the boy, and the boy and his mother beat him almost to death. He was unconscious for three hours.

Moves to Ohio.

Judge M. P. O'Mara, the erstwhile editor of this paper, is now a very busy man on the Portsmouth, O., Daily Times. He has moved his family to that city. Our best wishes go with him.

The railroad company has put down a well at each of their three dwellings in this city and are now sinking one at the depot.

ORPHANS' HOME ITEMS.

Twilight service on the lawn at the Orphans' Home at 6 P.M.

We forgot the fact last week of the excellent sermon delivered by Rev. Irvin at the Presbyterian church. He also gave a helpful and practical talk to the children, on the lawn at the evening service. His encouraging words were certainly appreciated by the Sups.

Donations were received from New Hampshire on the East to Iowa on the West. A large box from Wilmore contained many of the things much needed, now. It is a good thing for the missionaries that there are thoughtful people who anticipate their needs and supply them.

A Good Report

The recently published financial report of Clark shows that county to be steadily climbing up the ladder. It shows more than \$50,000 in the treasury. This has been made possible too with but a 40 cents tax levy, and they have the best roads in the State too. Splendid results always follow good management. Judge Evans, Jr. seems to be a replica of his lamented father.

Powell county will shortly have a report published. Look out for it.

Judge Gourley Here.

Judge G. W. Gourley, the winning Republican candidate for the Appellate Judgeship, came into town Tuesday with the Winchester Boosters and got boosted by his many adjoining county boosters. He left with the boys from the Gateway City for other towns on the L. & E. and L. & A. divisions of the L. & N. just to show them how many boosters he has along the route.

Improvement of School Property.

The city school property is being cleaned up both inside and out preparatory to the opening of school at the proper time. The dense shade is being thinned out, and the grounds beautified with new walks, while the rooms inside will be completely renovated and decorated in fitting style for the children of the city.

Mrs. Daniel Ill.

Mrs. C. C. Daniel, Jr., of Snow Creek, this county, has been in a very serious condition with passing gall stones, but Dr. Irvin, the attending physician, tells us he thinks the worst is over and that she will now speedily recover.

Now Taking Oil Leases

Geo. W. McKinney, the hustling fruit salesman, has laid aside his samples and packed his grip with oil leases and is scouring the country about Log Lick picking up all the land he can find open for development.

School Per Capita Fixed

The school per capita for this year has been fixed at \$5.10, which is 15 cents less than last year. The term for schools will remain the same as last year—seven months.

The Boosters of Winchester

The 8:20 train Tuesday morning brought forth to Clay City an aggregation of business men from Winchester that seemed to be the most pleasant and liberal bunch that ever bit the burg. They fairly loaded us down with souvenirs of value, and their good cheer. They seemed to be out for a good time socially rather than to boost their business and the Clark County Fair—which came up the next day after they were here.

The boys didn't stay long and it was a moment of regret when they left, taking with them their Royal Scotch Highlander's Band, which, as an intermission of the excellent playing of our own Concert Band, was much enjoyed, as well as the agreeable mingling with the affable boosters.

The relationship between Clay City and Winchester has thus been tightened up one more link, account their coming to see us. We are often down to Winchester, while they are seldom up to see us. We can only get better acquainted by their coming more our way, and our latch string still hangs out with the string considerably stretched because of their visit to us Tuesday.

The Clearance Sale.

Hardwick & Co., progressive Stanton merchants, have put on their semi-annual Clearance Sale as will be seen by their advertisement this week. This firm has a business way of doing things which often reverts to a cash saving to their customers as well as affording them an opportunity to get a choice selection of dependable merchandise. Persons making Stanton their trading center should not fail to investigate the sale now going on at this store.

Camp Meeting Here

The Rev. Wm. Kirk was disappointed in the camp meeting at Hardwick's Creek on account of the grounds being previously rented to other persons. He will pitch his tent in the Loving grove in this city where he will hold services for ten days. There will be all day services Sunday with dinner on the ground.

No Meeting Sunday Night

The Christian Endeavorers will have no meeting Sunday night, on account of the Sunday School Convention which will be in session at the Methodist Church. The Leader who was appointed for Sunday night, will be in charge the next Sunday night, Aug. 6th.

The Lexington Fair

The big Bluegrass Fair comes up this year August 7 to 12. This fair has always attracted many Powell county people and they will be there in numbers again this year. See the advertisement of this large exhibition in this issue.

A fine quality of oil in very limited quantity has been struck on the Sarah Vance farm near Stanton.

STANTON.

(By P. O. Derthick.)

Robt. Blackburn was home with his family several days last week.

John W. Williams and J. D. Atkinson were in Frankfort Monday on business.

Lewis Conlee of Richmond was here last week visiting his father, and his brother Robert.

Billie Welch, commercial traveler, was calling on his friends in town and vicinity, last week.

Floyd Caudell returned Tuesday from Cincinnati, where he had been on a business and pleasure trip.

Millard Beunett and son, Ishmael, went to Shawnee to see his brother-in-law, Ben Mastin, who is quite sick.

Roscoe Welch and wife of Cincinnati, who were here attending their father's funeral, returned to their home Saturday.

Rev. J. C. Hanley returned this week from Cincinnati, where he had accompanied his wife that far on her home-going trip.

T. J. Coates, Rural Supt. of Schools of Kentucky, was here attending the Institute last week and gave some splendid addresses to the teachers.

Charley Rice was taken to the Good Samaritan at Lexington last week. He is suffering from acute stomach trouble. Dr. Johnson, who took him, has word that he is some better.

Mr. Thomas Welch died July 19th of acute Bright's disease, and was buried in Stanton cemetery. He was 72 years of age, and he leaves wife and children, Roscoe, of Cincinnati; Pink and Nanute, at home; Mrs. Carrie Conlee; Mrs. Lula Benningfield, of Hazard, and Mrs. Winnie Salyers of Montgomery. Mr. Welch had a large host of friends and was one of the best citizens of Powell county. He was a good farmer and a good neighbor. He united with the Christian church many years ago under the preaching of George O. Barnes. The family desires to extend their thanks and appreciation to all who assisted them in the hour of bereavement, for the beautiful flowers, and for words of comfort and hope, and to those who ministered to Mr. Welch during his sickness.

Our valued correspondent writes that he has been away from Stanton and will furnish more items on the night train, but we are ahead of the night train this time. We regret to lose the highly prized belated events of Stanton this week, but circumstances so rule this time.

House Burns.

The residence of Letcher Dalton at West Bend was burned to the ground last week together with all of its contents. No insurance. This loss falls heavily upon Mr. Dalton, who like the most of us is limited in this world's goods.

A HOME-MADE PAPER.

THURSDAY JULY 27, 1916.

ANNOUNCEMENTS

We are authorized to announce
G. W. GOURLEY
of Beattyville, Lee County, Ky.,
as a candidate for Judge of the Court of Appeals for the Seventh Appellate District of Kentucky, subject to the action of the Republican party at the primary election to be held August 5, 1916.

We are authorized to announce
ROSCOE VANOVER
of Pike county, as a candidate for Judge of the Court of Appeals for the Seventh District of Kentucky, subject to action of the Republican party at the primary, August 5th, 1916.

We are authorized to announce
SIMEON S. WILLIS
of Boyd county, as a candidate for Judge of the Court of Appeals in the Seventh Appellate District, subject to the vote of the Republicans in the primary, Saturday, August 5, 1916.

We are authorized to announce
H. C. FAULKNER
of Perry County, as a candidate for Judge of the Court of Appeals in the Seventh Appellate District of Kentucky subject to the action of the Republican party at the Primary Election to be held Aug. 5th, 1916.

Thousands of people have been killed passing over grade railroad crossings and thousands more will be killed in future years by making these crossings. The Powell County Roads Commission could do nothing better than provide for the elimination of at least the more dangerous of all grade crossings on their new roads. It may cost a great deal of money, but it will be money well spent. We are sure the railroad company will pay half the cost of these crossings, if not more. The railroad company paid all of the cost of making the overhead crossing in Clay City, and we are sure that they will pay half the cost for county crossings. They are just as anxious as we are to do away with grade crossings so we feel sure that the company will do their part in making way with these death traps. With the increased automobile traffic the risk of these crossings becomes more dangerous each year.

Few people seem to realize that we will have an August primary election and that that election is but a little way off. The Democrats have but one race that they are specially interested in—the Congressional race. The Republicans have considerable interest in the Appellate Judge's race, and they certainly have candidates a plenty to select from. In this race the Democrats have but one candidate. We can see in the primary a walk-over for Judge Roberson, of Pike county, but the November election seems rather cool for the Democratic nominee in this Appellate district. But Judge Turner was elected by the Democrats very unexpectedly four years ago, and a similar landslide may occur again this fall.

The people over the State of Kentucky seem to be souring on the roads question. So many counties voting bonds have brought disappointment to the voters who expect greater things than the authorities could deliver for the bond money. Account this lamentable condition many counties have recently voted down bond issues.

Union county went most wild for a bond issue of \$450,000 April 1st and voted it by a good majority. The people down there have become completely disgusted with the way the money was being spent, and a few days ago a number of citizens filed suit to knock out the whole thing, and it seems that this will be done, as nearly everybody is sick of their bargain.

The Corrupt Practices Act, a new law passed by the recent session of the Legislature provides that all candidates for office shall fifteen days before the primary file their campaign expense account with the Secretary of State.

Flem. D. Sampson, of Barbourville, and Roseue Vanover, of Pikeville, Republican candidates for Judge Court of Appeals each were not posted on the new law and lost out of the race. Judge Kirk was better off than these, he chartered a special car and got there with 30 minutes of time.

Judge Gourley who is always informed on the laws of the State as well as current events, filed his expense account in ample time.

It sure was fine that Judge Kirk stands in with the big corporations so he could get that special train from Ashland without any delay, or else he like the other two would have lost out.

Our first week's experience again on The Times has been exceedingly pleasant. It is most agreeable in fact to have our old friends call at our office and hear them express themselves as being glad to have us return, while they regret also to see our erstwhile predecessor retire and leave town. We feel grateful to all who have called and thus extended to us in this way their hand of welcome on our return to the fold and assure them that our efforts shall be redoubled to give them and Powell county the best paper possible to make under existing conditions. We never forget a friend, and we are glad to know that there are so many good people in Powell that are of the same disposition.

Candidate Hughes is to be surprised in a few days with a secret of the nomination which he knew of in advance and for which he prepared his telegram of acceptance while yet a member of the highest court. Another surprise is coming to him on November the 8th, when he will awaken with a dark brown taste in his mouth to the realization that he has lost both the presidency and his life-time office. The Republicans propose, the voters dispose.—So says W. P. Walton.

The Federal Government has passed a rural credits bill that will be of great benefit to the farmers. It provides for the establishment of twelve banks of \$750,000 capital each. Loans will be made on land at 50 per cent. of its value.

The Federal bill must not get confused with the Kentucky Rural Credits Association, which has just proved a failure.

What is Clay City going to do about furnishing a connection with the Stanton and Lulbegrad roads? Great pity that towns can have no part in these new pikes except to help pay for them. There are plenty of country folks that have only the paying end of it too.

Clay City is without a Police Judge. There are plenty of people judging every day, but they can't serve for the Police Department.

The Chautauqua at Stanton which comes the second week in August is an event of great importance to Powell. Every person residing in the county with a forward mind should not miss the opportunity to attend. It is not merely a show, but a source of instruction for all, both old and young. Clay City should attend en masse and show Stanton how to make things a success in the county, whether in their town or in the confines of our twin sister.

Powell county as a whole, completely united, can make a success of fairs, chautauquas, or any kind of a moral gathering of the people. But to succeed we must bring the Kentucky motto, "United we Stand, Divided we Fall," into full use. It is impossible for either town alone to support many things they should have, but with the support of the other it can be made a success.

Get ready and let's all attend the Chautauqua at Stanton, and grow up together.

Being slightly off the job of getting local news, we last week turned loose all hands in the office as editors to get up all the news possible, which resulted in an overcrowded sheet and a lot of type set and left over. This of course caused some valuable matter not to appear, all of which we regret. We boiled it down and crowded the space to the limit, as we are doing this week. We hope our readers will hand in more items which will continue to crowd us. We like to be crowded on good things, like local happenings.

The fact that Judge Sampson didn't know that he was required to file his campaign expense account before the primary may lead some people to believe that he is not so strong as he thinks, nor as strong as his name would imply.

The State Department of Agriculture has favored this office with a copy of the Twenty-First Biennial report of the Bureau of Agriculture, Labor and Statistics for the years 1914-1915. It is brim full of the information we like to read.

This is the season of Chautauquas, fairs, and etc., and a little leisure of the farmer, now that his crops are most finished, but the busy newspaper man must stay on the job every day writing the things up.

The editor acknowledges receipt of complimentary tickets to the big Clark County Fair account The Times and Better Farms and Roads. We expect to be there and mingle with the boys for a day or two.

J. J. Curry is spoken of as the ideal man for Police Judge of Clay City, that office becoming vacant on account of the removal of Judge O'Mara from the city. We are for Judge Curry.

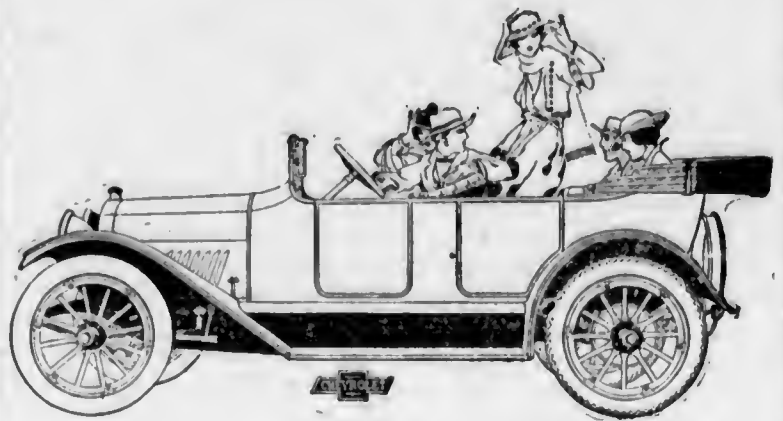

According to a report recently published, we learn that food prices have fallen. Just so, and millions of food consumers have also fallen. Then why should not the prices fall?

Robert E. Lee Murphy after campaigning last week found such encouragement that he reported to the Lexington Herald that he expected to carry every county in the district.

There are more pessimists that can tell you what President Wilson should not have done than there are that will dare say what he should have done.

will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, backache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment." Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.

"I can now eat anything; am free from catarrh ills," says Mrs. Collins, of McVeigh, Ky.

"I am sure the reason I feel so well to day is because I took Tanlac and I want to give it a good recommendation," said Mrs. Cordia Collins, of McVeigh, Ky.

"Yes, I had a very serious case of nervous trouble. I was so run down that I really didn't know what to do. My blood was bad and I had spots on my face. Since taking Tanlac my nervousness has disappeared. I can eat anything I want and do not have any bad after effects. It has given me lots of strength and I can do my housework again. I sincerely advise everybody to give Tanlac a chance."

Such statements as Mrs. Collins' should appeal to thousands that suffer from the same trouble.

Most people who have stomach ills, nervousness, liver ailments, kidney derangements and depression of spirits and who are in a general run down condition,

simply need something to tone up their system and to assist the vital organs in performing their natural functions.

Tanlac is a wonderful reconstructive tonic and produces the most gratifying results.

It is because Tanlac does the work and does it quick that its leap to higher success has been marvelous. That Tanlac surpasses all medicines as a reconstructive tonic has been proven in these columns by the leading men and women of the commonwealth of Kentucky.

Tanlac is being specially introduced in Clay City at the store of Eaton & McGuire.

Tanlac may be obtained in Stanton at Hardwick & Co.; Bowen, Day & King; College Hill, Ginter Bros.; Torrent, J. Taylor Day; Irvine, Irvine Drug Co.; Genet, Genet Cash Store; Waltersville, Henry Waldron.

SPOUT SPRING

Moses McKinney is moving to Irvine this week to engage in the livery business.

Mrs. Dave Snowden is visiting the family of her father, Wm. Snowden, jr, at Winchester.

Mr. and Mrs. Shelt McKinney spent a few days the first of the week with relatives in Winchester.

Mrs. James Snowden is very sick at this time and the services of Dr. Martin was called upon Tuesday.

Frank Barnett, Garrett Mitten, Sanford Crow, Strother Embs, and Grant Puckett have emigrated to Ohio from this part of Estill.

Pastor Fryman baptized five candidates into membership of the Methodist church at Jackson's Chapel, Sunday, the 16th inst.

GENET

Died July 19th, Willie Hatton, after a lingering illness—more than a year.

A drilling machine is being set on the farm of Geo. Woodard by A. J. Barry, the oil driller.

Scores of land owners 'round about here are giving themselves a good kicking for leasing their land to some slick duck for one dollar, and Mr. "Slick Duck" then, in turn, sold them out for a good round sum of Uncle Sam's bright round doughnuts.

A party from about here went to Estill oil fields last Tuesday to "see and be seed." They landed there about 10:30, a.m., and after inspecting wells and paraphernalia of different companies, they turned their faces homeward. Arriving at the forks of the road where each went another way, it was suggested that the trip be "writ up in poetry." Whereupon the spokesman—being the local poet—on his memorandum, penned the following poem:—

Hark from the tomb a doleful sound—
The Woodchoppers have come
Back to the cooling ground;
Tom Cole's track I do pursue—
I believe Frank Russell
Has got back, too.

SLADE.

J. P. Cole of Portsmouth, Ohio is visiting friends and relatives here this week.

Rev. J. H. Johnston of Fleming county, will begin a protracted meeting here, in September.

Corn is looking fine and farm hands so scarce the poor old farmers have to make their own crops alone this year.

The church and friends here extend to Bro. Easter and his family our sincere sympathy in the death of wife and mother.

Walter Ashley, who was dangerously hurt at Mada mill, is improving and it is hoped he will soon be able to return home. Grover Ashley was called home from Ohio to see him.

John Caldwell and Pete Clotra of Douglass, visited Ed and Brent Ewen Saturday and Sunday and went on to Middletown. Ben Wells, Woodson Little and Miss Bessie Wilburu, went also.

Frank Watson of Fitchburg, is here and reports oil booming that part of Estill. Lots of land, worth almost before oil discovery is now valuable—and the oil buying in the direction of Powell. We still have hopes of sharing in the good fortune.

The Slade school, in the last 22 years, has laid the foundation for 17 teachers, 6 telegraph operators, 1 preacher, 3 soldiers, 1 trained nurse, some fine business men—and we're still turning out teachers. Is there any small school in the county that can beat us?

We hope our people will read carefully Mr. Murphy's letters to The Times and give serious thought as to his standing, and to the things for which he stands, and give him their support. The self-made man is good material,

and a boy that supports a widowed mother and cares for sisters, deserves honor. Let us give him a chance in Congress—Mr. Cant-rill has had his round.

(Crowded out last week.)
I. H. McDaniel and J. A. Bowen took some cattle to Mr. Sterling Saturday.

Jerry Brewer, of Middletown, O., is visiting relatives here. Jerry says there is a demand for labor there at good wages, and it is almost impossible to find a vacant house.

The new school house is near-

ing completion, but is to be painted yet before school begins, and the school will be a month late. If the winter is cold and roads bad as usual, it will be taxation without representation, for the children can not get to the school house.

News was received here last week of the death of Mrs. Minnie Reeves, of Dayton, Ohio. She was formerly Miss Minnie Johnston, daughter of Rev. J. A. Johnston, of Flemingsburg. Deceased was buried at Richmond, Ky. Funeral services were conducted by Rev. D. H. Matherly.

Zach Bowman, of Booneville, spent several days last week with his brother, Curt Bowman, two miles south of the city.

Mrs. T. N. Rich and two sons, Clyde and Willie, of Collinswood, Tenn., are visiting the former's daughter, Mrs. T. M. Mountz.

Mr. and Mrs. Clarence Estes, Mrs. J. S. Dougan and Mrs. John Thacker are visiting Wm. Bush in Clark county near the mouth of Red River.

W. R. Shimfessel, of Independence, Mo., arrived here Tuesday to visit his brothers, O. and R. L. Shimfessel, of this city, and his mother, Mrs. Sarah Shimfessel, of Vaughn's Mill.

Mr. and Mrs. Jas. Holman, of Bowen, passed through this way the first of the week, enroute to visit Mr. and Mrs. W. T. Bunch, at Pilot View, and other friends and relatives in Clark.

Mr. Meadows from over beyond Waltersville, brought us some blackberries that are almost pure white berries. They are clear, nice, and very sweet, and would make fine eating in pies and jam.

W. D. Thacker, of Levee, was in Saturday to pay us a pleasant call. Mr. Thacker reports everything about Levee in promising condition. They have had plenty of rain over there and crops are looking fine.

The Rev. Wm. Roberts, who has frequently visited Clay City was egged at Mt. Sterling last week when he began abusing Catholicism. He was arrested and put in jail to keep down an impending serious disturbance.

The fact that all the people of Powell county entitle themselves "common" and that Robt. E. Lee Murphy is the common people's candidate, seems to indicate that the people's candidate will have a decided advantage in the August primary.

At Fleming, Letcher county, last week a big lot sale was held. Town lots with 25 foot front brought an average price of \$400 each. Several Powell county people are located at Fleming, and all say that their town and other coal field towns up the line are enjoying a continuous boom.

Resolutions.

I: Whereas, R. S. Eubank, Editor of the Southern School Journal was called to conduct the Institute of Powell county for the year of 1916, and

II: Whereas, we the teachers of Powell County desire to express our high appreciation of the ability, integrity and splendid manner in which Mr. Eubank has conducted this Institute.

III: Now, therefore, be it resolved by the Powell County Institute that we most heartily thank Messrs. Johnson, Coates, Elliott, Keller, Deltrich Crawford, Miss Yancy and Mr. O. H. Harris for the splendid talks which they gave us.

IV: That we extend to Prof. J. C. Hanley our most gracious thanks for the use of the college building, and for the privilege of spending the enjoyable evening at his home that we did on Tuesday last.

V: That we extend to our Superintendent, Mrs. Bohannon our thanks for her efforts put forth to make the schools of Powell County better this year than any preceding year; and, furthermore we endorse all that she has accomplished toward the consolidation of schools.

VI: That we as teachers of Powell County put forth every effort to protect the health of our rural communities and that we shall closely follow our course of study and teach agriculture, domestic science and good health as far as the conditions of our community will permit.

VII: That we as teachers endorse all that has been said concerning the Reading Circle, and furthermore, that each one of us shall endeavor to start a school library.

VIII: That we as teachers of this county by having attended the Institute, feel that we are better prepared to fill that calling whereunto we have been called.

IX: That we pledge ourselves to continue the work in the "Moonlight Schools" which has been so successfully carried forward in this county.

Finally: We resolve that we will individually strive to attain a 50% regular attendance based upon the census, also follow the State Course of Study in so far as it is applicable to the needs of our District, and to put into practice the ideas which we have gained from the State Reading Circle Course.

That a copy of these resolutions be delivered to Mr. Eubank and the press of the County.

Respectfully Submitted,
(Signed) LENA DRAKE,
RUTH TUTT,
RICHARD CROWE.

The Way They Do It.

The Clay City ball team journeyed to Virden Sunday where they succeeded in putting it over the boys by the score of 19 to 4, which is not bad. The crack Quicksand team will play our boys the coming Sunday on the home grounds, and the locals say they are going to make the game well worth seeing.

Why Endure Summer Colds?

It isn't necessary to have a stuffed head, running nose. To cough your head off as it were. All you need to do is to use Dr. Bell's Pine-Tar-Honey. The soothing and healing balsams open the clogged air passages and in a short time you get relief and start on the road to recovery. Your nose stops running, you cough less and you know you are getting better. Get a bottle, use as directed. Keep what is left as a cough and cold insurance.

Changed Again.

Dinner will be served on the ground at the Sunday School Convention at the Methodist church in this city Saturday instead of Sunday as reported changed in our last issue under head of "Notice".

This is the reverse side of the red tin

THE Prince Albert tin, and in fact, every Prince Albert package, has a real message-to-you on its reverse side. You'll read:—"Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert waiting you in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tins; humidor and in that clever crystal glass humidor, with sponge - moistener top, that keeps the tobacco in such fine condition—always!

A Lovely Boquet.

Last Thursday the first issue of The Clay City Times came out under the new-old editorship of Bro. J. E. Burgher, who announces himself "back on the job," succeeding O'Mara, who goes to Portsmouth, O. Editor Burgher says he is "the same in principle as formerly, a free-thinker and outspoken, having no secrets and even favoring an equitable division of spoils, and an unqualified rule of the people by their humble selves." This is a fine platform and Bro. Burgher lives up to it better than any one we know.—Clark County Republican.
